

Additions and Corrections

Volume 8, 2006

Sven K. Weber, Frank Galbrecht, and Ullrich Scherf*

Preferential Oxidative Addition in Suzuki Cross-Coupling
Reactions Across One Fluorene Unit.

Page 4040. The article contained an illustration, Scheme 1, which was reproduced from a confidential communication by Qiao-Sheng Hu. We deeply regret the improper use of this information in the article. No efforts at controlled polymerization, as indicated in the scheme, were reported in our article.
