Vol. 6, 2004

Carl J. Lovely, Hongwang Du, Yong He, and H. V. Rasika Dias

Oxidative Rearrangement of Imidazoles with Dimethyldioxirane.

Page 737. In Table 1, entry 12, *exo*-**34** should be replaced with *endo*-**34**. X-ray crystallographic analysis of the rear-

rangement product determined that the originally reported stereochemistry (*exo*-**34**) was incorrect and that the product was in fact *endo*-**34**.
