Chunxia Li, Xiaoming Liu, Piaoping Yang, Cuimiao Zhang, Hongzhou Lian, and Jun Lin: LaF_3 , CeF_3 , $\text{CeF}_3:\text{Tb}^{3+}$, and $\text{CeF}_3:\text{Tb}^{3+}@\text{LaF}_3$ (Core–Shell) Nanoplates: Hydrothermal Synthesis and Luminescence Properties.

Page 2908. In the above-referenced paper, we have reported the excitation and emission spectra of CeF_3 nanoplates. We have now discovered an error in the emission spectra of CeF_3 in Figure 9. Because we selected the filter by mistake, the position of the emission peak should be 334 nm instead of 363 nm, as shown in the following figure.

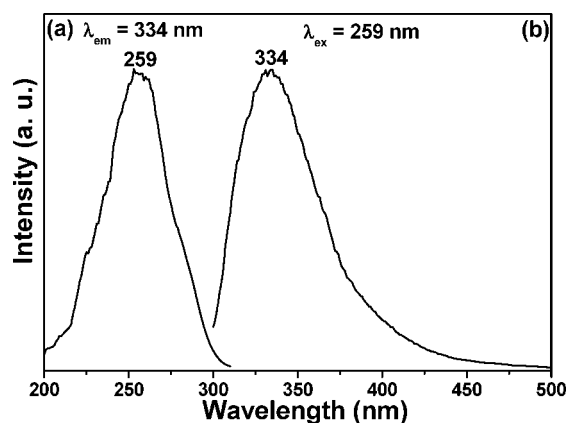

Figure 9. The excitation (a) and emission (b) spectra of CeF_3 nanoplates.
