Pyng Yu, Jau Tang,* and Sheng-Hsian Lin*: Photoinduced Structural Dynamics in Laser-Heated Nanomaterials of Various Shapes and Sizes.

Page 17135. In Table 2 and main text of this article, the phase relation of the best fitted curve to the experimental data in the column FPU-TTM model was misplaced, i.e., $\dot{z}_N(t) - \dot{z}_1(t)$ should be replaced by $z_N(t) - z_1(t)$, and $z_N(t) - z_1(t)$ should be $\dot{z}_N(t) - \dot{z}_1(t)$.
