Page 741, Title. The signs of the optical rotations were inadvertently switched in the title. The title should read “Total Synthesis of Natural (+)- and *ent*-(–)-4-Desacetoxy-6,7-dihydrovindorosine and Natural and *ent*-Minovine: Oxadiazole Tandem Intramolecular Diels–Alder/1,3-Dipolar Cycloaddition Reaction.” All text and Supporting Information data are correct in this regard.
