Concise Synthesis of  $\alpha$ -Trisubstituted Amines from  
Ketones using *N*-Methoxyamines

Page 2098. Very recently, Ghorai reported  $\text{Re}_2\text{O}_7$ -catalyzed three-component allylation from ketones: Pramanik, S.; Ghorai, P. *Chem. Commun.* **2012**, 48, 1820–1822. This work is highly relevant to our research and should have been cited in our paper.
