Synthesis of Novel Derivatives of 1,4,7-Triazacyclononane.

Page 2856, ref 15. The following papers reporting the use of tacn orthoamide to selectively functionalize the tacn macrocycle should be added to this reference: Weisman, G. R.; Vachon, D. J.; Johnson V. B.; Gronbeck D. A. *J. Chem. Soc., Chem. Commun.* **1987**, 886–887. Alder, R. W.; Mowlam, R. W.; Vachon, D. J.; Weisman, G. R. *J. Chem. Soc., Chem. Commun.* **1992**, 507–508.

Page 2856, second column, last paragraph. Reference 15 should be cited after "...and hydrolysis in water". We apologize for these omissions.
