2008, Volume 112C

**Eric Poirier\* and Anne Dailly:** Investigation of the Hydrogen State in IRMOF-1 from Measurements and Modeling of Adsorption Isotherms at High Gas Densities

Pages 13047–13052. In section 4, the experimental error associated with the adsorbed phase densities ( $\rho_a$ ) was mistakenly printed as  $\pm 0.05$  g/mL. The correct error value should read as  $\pm 0.005$  g/mL.
