

Correction to Plasmon Mediated Multiphoton Photoemission Microscopy of Au Nanoholes and Nanohole Dimers

Thomas A. Baker, Andrej Grubisic, and David J. Nesbitt*

J. Phys. Chem. C **2014**, *118* (13), 6959–6971. DOI: 10.1021/jp411943f

The acknowledgement in the paper expressed sincere gratitude for support from the National Science Foundation but with a Chemistry grant number that should be corrected to read CHE1266416. We apologize for any potential confusion with regard to this misplaced funding citation.
