Noriaki Itagaki, Tsutomu Sugahara, and Yoshiharu Iwabuchi*

Expedient Synthesis of Potent Cannabinoid Receptor Agonist (–)-CP55,940.

Pages 4181–4183. The order of two back-to-back papers by Iwabuchi et al. was reversed when the manuscripts were processed at ACS Publications. This paper should have appeared as the first of the pair.

ACS Publications regrets the error and any confusion this may cause readers.
