

## Correction to “Self-Assembled Monolayers of 2-Adamantanethiol on Au{111}: Control of Structure and Displacement”

Table 1 in our original paper<sup>1</sup> should have indicated that data in row 1, for 1-adamantanethioate self-assembled monolayers on Au{111}, and in row 3, for *n*-dodecanethiolate self-assembled monolayers on Au{111}, were reproduced from our earlier paper<sup>2</sup> (which was ref 30 in ref 1).
