

Additions and Corrections

Volume 6, 2004

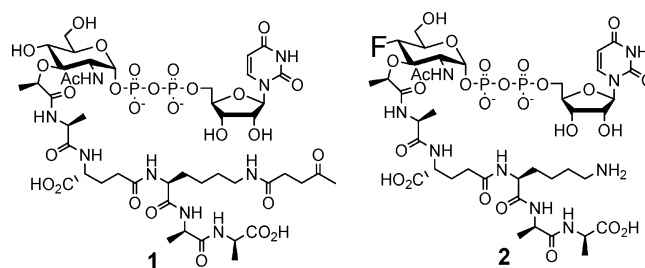

Taichi Ueda, Fei Feng, Reiko Sadamoto, Kenichi Niikura, Kenji Monde, and Shin-Ichiro Nishimura*

Synthesis of 4-Fluorinated UDP-MurNAc Pentapeptide as an Inhibitor of Bacterial Growth.

Page 1753, Abstract and Graphic. The structures of UDP-MurNAc derivative (**1**) and 4-fluorinated UDP-MurNAc pentapeptide (**2**) were misdrawn. The corrected structures are shown below.

Page 1754, Figure 1. The structure of UDP-MurNAc pentapeptide is misdrawn. The correct structure is shown in the graphic below.

Page 1756. The Supporting Information published with the paper contained several errors. The title of the Supporting Information was amended to be consistent with the title of the letter. “BF₃ diethyl ether complex” was changed to “BF₃·diethyl ether complex” (page S1, paragraph 2, line 2). “4-Morpholine-*N,N'*-dicyclohexylcarboxamidium guanosine

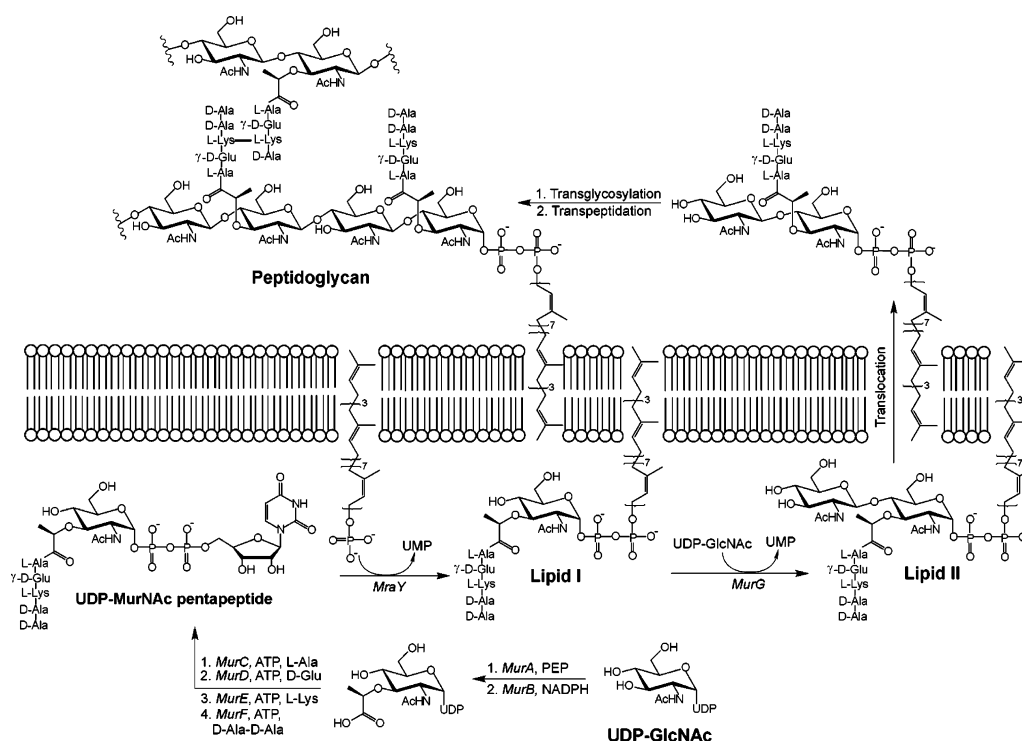

5'-monophosphomorpholidate” was changed to “4-Morpholine-*N,N'*-dicyclohexylcarboxamidium uridine 5'-monophosphomorpholidate” (page S6, paragraph 3, line 4).

Page 2056, Figure 1 and Scheme 2; page 2057, Scheme 3.

Structures of **3**, **6**, and **16–20** were drawn incorrectly
(missing an additional carbon in the side chain). The correct
structures are shown below.
