

## Additions and Corrections

Volume 11, 2009

**Pavel A. Donets, Kristof Van Hecke, Luc Van Meervelt,  
and Erik V. Van der Eycken\***

Efficient Synthesis of the Indoloazocine Framework via  
Intramolecular Alkyne Carbocyclization

Page 3620. Compounds **2j** and **2k** were assigned incorrectly. Their structures have now been revised and unambiguously assigned by  $^{13}\text{C}$  DEPT-135 NMR spectra (see the attached Supporting Information for details).
