

Lanthanide-Containing Polymer Microspheres by Multiple-Stage Dispersion Polymerization for Highly Multiplexed Bioassays [*J. Am. Chem. Soc.* **2009**, *131*, 15276–15283]. Ahmed I. Abdelrahman, Sheng Dai, Stuart C. Thickett, Olga Ornatsky, Dmitry Bandura, Vladimir Baranov, and Mitchell A. Winnik*

Supporting Information. The abbreviation “FC-MS”, which appears on multiple pages, should be replaced by the term “mass cytometry”.

The equation that appears on page S8 should read: $N = I \times I_F/T$, where the terms in this equation have the same meaning as defined in the Supporting Information.
