

Additions and Corrections

Volume 9, 2007

Paul R. Carlier* and Yiqun Zhang

The First Enantioenriched Metalated Nitrile Possessing Macroscopic Configurational Stability.

Page 1319. The Acknowledgment section of this paper should have included a statement thanking Dr. Carla Slebodnick for determining the X-ray crystal structure of compound (*S*)-(+)-**5**. We apologize for this omission.
