

## ADDITIONS AND CORRECTIONS

---

2009, Volume 113C

**Wei Chen, Guang tao Yu, Feng Long Gu, and Yuriko Aoki\***: Investigation on the Electronic Structures and Nonlinear Optical Properties of Pristine Boron Nitride and Boron Nitride–Carbon Heterostructured Single-Wall Nanotubes by the Elongation Method.

Pages 8447–8454. The affiliations for the authors Wei Chen and Guang tao Yu were incorrect in the version of the manuscript published on the Web on April 17, 2009 (ASAP) and in print. The correct version of the manuscript was published on June 3, 2009.

10.1021/jp904957b

Published on Web 06/05/2009

2008, Volume 112C

**Zhen Hua Li and Donald G. Truhlar\***: Cluster and Nanoparticle Condensation and Evaporation Reactions. Thermal Rate Constants and Equilibrium Constants of  $Al_m + Al_{n-m} \leftrightarrow Al_n$  with  $n = 2-60$  and  $m = 1-8$ .

Pages 11109–11121. The Supporting Information was incorrect in the version of this manuscript that was published on the Web on July 2, 2008 (ASAP) and in print. The correct version was published on the Web on June 3, 2009.

10.1021/jp904971d

Published on Web 06/05/2009

2009, Volume 113C

**Vincenzo Amendola, Danilo Dini, Stefano Polizzi, Jing Shen, Karl M. Kadish, Mario J. F. Calvete, Michael Hanack, and Moreno Meneghetti\***: Self-Healing of Gold Nanoparticles in the Presence of Zinc Phthalocyanines and Their Very Efficient Nonlinear Absorption Performances

Pages 8688–8695. The spelling of the author name Jing Shen was incorrect in the version of the manuscript published on the Web on April 24, 2009 (ASAP) and in print. The correct version was published on the Web on May 14, 2009.
