

## Additions and Corrections

Volume 10, 2008

**Di Zhu, Min Lu, Pei Juan Chua, Bin Tan, Fei Wang,  
Xinhao Yang, and Guofu Zhong\***

A Highly Stereoselective Organocatalytic Tandem Aminoxylation/Aza-Michael Reaction for the Synthesis of Tetrahydro-1,2-Oxazines.

Page 4586. During the preparation of the manuscript, a parallel report dealing with a functional variant of the presented transformation was inattentively left out, which should be included as ref 7n. We sincerely apologize for their oversight.
