

Additions and Corrections

Vol. 4, 2002

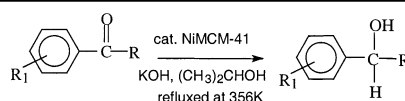

Susanta K. Mohapatra, Sachin U. Sonavane, Radha V. Jayaram, and Parasuraman Selvam*

Regio- and Chemoselective Catalytic Transfer Hydrogenation of Aromatic Nitro and Carbonyl as Well as Reductive Cleavage of Azo Compounds over Novel Mesoporous NiMCM-41 Molecular Sieves.

Pages 4297, Abstract contains incorrect substrate and product structures. The correct structures are as follows:

Page 4298, Table 2. The R₁ group in entry 4 is incorrect. The correct R₁ group is 4-Br.

Table 2. Reduction of Aromatic Carbonyls

Page 4299, Table 4, Entries 7 and 8 contain incorrect substrate and product structures. The correct structures are as follows:

Table 4. Reduction of Heterocyclic and Bulky Aromatic Compounds over NiMCM-41

entry	substrate	time (h)	product	yield (%)	
				1st run	6th run
7		5.5		83	83
8		4.0		86	86
