V. Satish Kumar, Danielle L. Aubele, and Paul E. Floreancig*

Electron Transfer Initiated Heterogenerative Cascade Cyclizations: Polyether Synthesis under Nonacidic Conditions.

Page 2491. In Figure 3, compounds **14–16** and **18–20** should be represented as their enantiomers. We thank Professor Mike Harmata, University of Missouri, for bringing this error to our attention.
