Immobilization of Pd(OAc)<sub>2</sub> in Ionic Liquid on Silica:  
Application to Sustainable Mizoroki–Heck Reaction.

Page 2327, Table 4. The TON and TOF in Table 4 were incorrectly calculated. These figures were recalculated to revise as shown below. All TON and TOF described in the text should be replaced to be 90000 and 5000, respectively.

**Table 4.** Performance of the Immobilized Catalyst
